Highlight 1. Innovation - Products and Application Solutions for More Scenarios

During the two years since the last show, Focuslight has successfully completed the IPO at the SSE Star Market, unified its brand globally with LIMO GmbH, and expanded its facilities and capacities in China, Europe, and the US.

Ye Tian, Board Director, Corporate VP, President of Diode Laser Business Unit, and President of Medical and Health Business Unit of Focuslight, was interviewed by OFweek, a renowned media outlet in the industry. In this interview, Ye Tian discussed Focuslight's business development

strategy and provided valuable insights into industry trends.

Highlight 2. Videos - Rich Product Demonstrations and Technology Sharing

Through a combination of live demonstrations and booth videos, Focuslight is presenting products and technical insights to the on-site audience, with a focus on cutting-edge photonics technology, core capabilities, industry challenges, and solutions.

Highlight 3. Award - Focuslight's Star Product Won "Excellence Award"

On September 6, the final results of the "2022 China Optoelectronic Expo Award" organized by the CIOE were announced. Focuslight's star product-AuSn Pre-Deposited AlN Ceramic Substrates won the "Excellence Award".

As one of the leaders in the field of semiconductor manufacturing and application solutions, Focuslight applies innovative application solutions with its advanced technology and rich experience in global multi-regional manufacturing, successfully meeting customers' challenging business requirements. "Never stop exploring", Focuslight strives to be the globally trusted photonics solution provider and help clients to achieve their goals and success!

About Focuslight

Focuslight is a fast-growing company that develops and manufactures high-power diode laser components and materials (photon generation), laser optics (photon control), photonic application modules, assemblies, and sub-systems (photonics application solutions) with a focus on automotive, pan-semiconductor, and medical & health application solutions. With our extensive engineering expertise and know-how, Focuslight is dedicated to providing customers with well-matched comprehensive solutions that enable our customers' success in their own businesses.
